

Cushion Ease ESD Dissipative Floor Mat

Cushion-Ease® ESD Dissipative Solid static control floor mats are part of the Solutions™ family of products. This specially formulated rubber floor mat is designed to drain static electricity from the worker safeguarding sensitive machinery and delicate circuitry. The solid-top version has a textured surface for added traction and is easy to sweep clean. All Cushion-Ease® mats have a male/female interlocking system and are compatible with M.D. Ramps for easy on-site custom configurations and trip-resistant platforms. Cushion-Ease® ESD mats can be combined with other
