

## ProHeat Snow Melting Floor Mat

Floormat.com's ProHeat Snow Melting Mat offers a medium-grade option to keep walkways and outdoor surfaces free of snow and ice during the winter season. These mats offer the most energy efficient option in snow melting mats manufactured today. Our unparalleled technology has created a matting system that does not require any special hardware or transformers and will not short or burn out. Three feet wide, the ProHeat mat is available in 3 walkway lengths and a stair tread version to complete your heating needs. Contact us at 614-207-2234 for custom lengths up to 50'.

- Melts up to 2" of snow per hour
- ETL approved
